

# IMPULSE SERIES

## Hot Food Display Cases

### FEATURES & BENEFITS

**Shelf Configurations:** Adjustable shelves can be arranged to hold products of varying size. Both the HFD and the Combo Serve HFD provide a total of 6 selling surfaces and over 6 cubic feet of product space.

**Food Timers:** 12 multi-selection, adjustable timers 30 minutes - 4 hours (in 30 minute increments).

**Flexible Temperature:** 6 heating zones can be individually adjusted to the various products being held.

**NSF Certified:** Quality and safety guaranteed through NSF certification.

**Attractive:** Xenon light bulbs create a well-lit product display for maximum customer appeal.

**Serving Ability:** The HFD's roll-out front panel and sliding back doors make cleaning and serving easy. The Combo Serve HFD's swing open front doors and sliding back doors make the case perfect for full and/or self serve applications.

**Low Air Flow Dual Fan:** Low air flow dual circulation fans help maintain an even and consistent product temperature throughout the case. Fans are standard on all models of Combo-Serve and HFD - Models 5 and 7.

**High Product Capacity & Marketability:** Fresh, hot food is one of the fastest growing segments for convenience stores. These well-lit, attractive display cases have plenty of room for custom graphics, menu boards or logos that increase aesthetic appeal and "impulse-buy" sales. The HFD is designed for holding unwrapped or wrapped food and the HFDC is designed for holding wrapped or boxed food.
